  - Shared Page
- Tablet PDP Wishlist
- Tablet Wish List
- Mobile PDP Wishlist
- Mobile Wish List

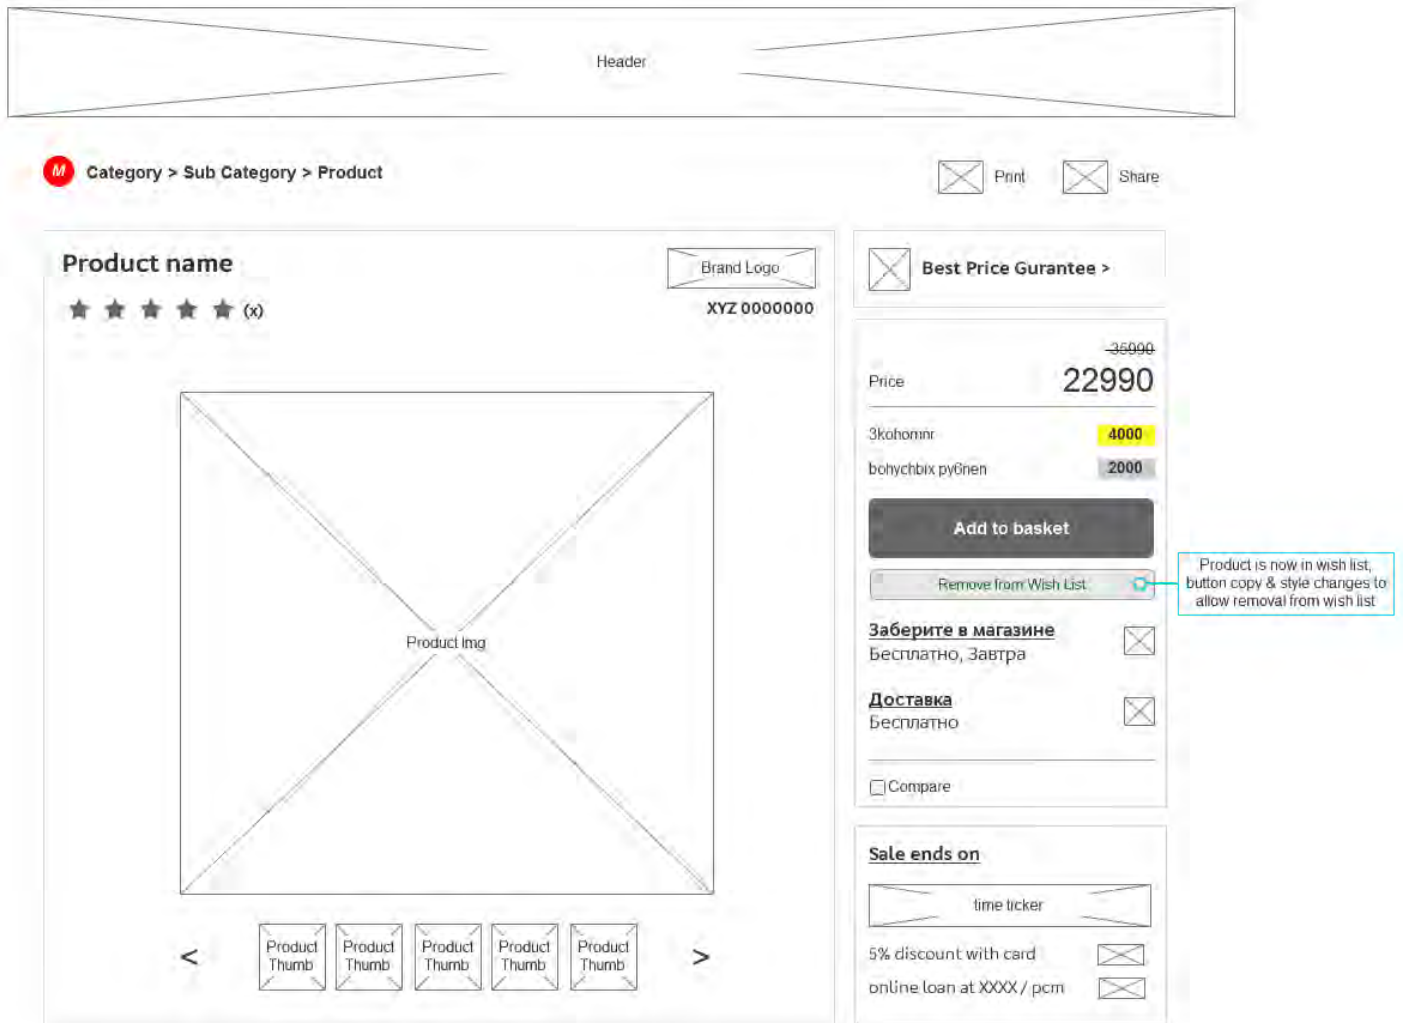

## 1.2. Desktop PDP Wishlist (Default)

A simple add to wish list toggle button will be used on the PDP pages

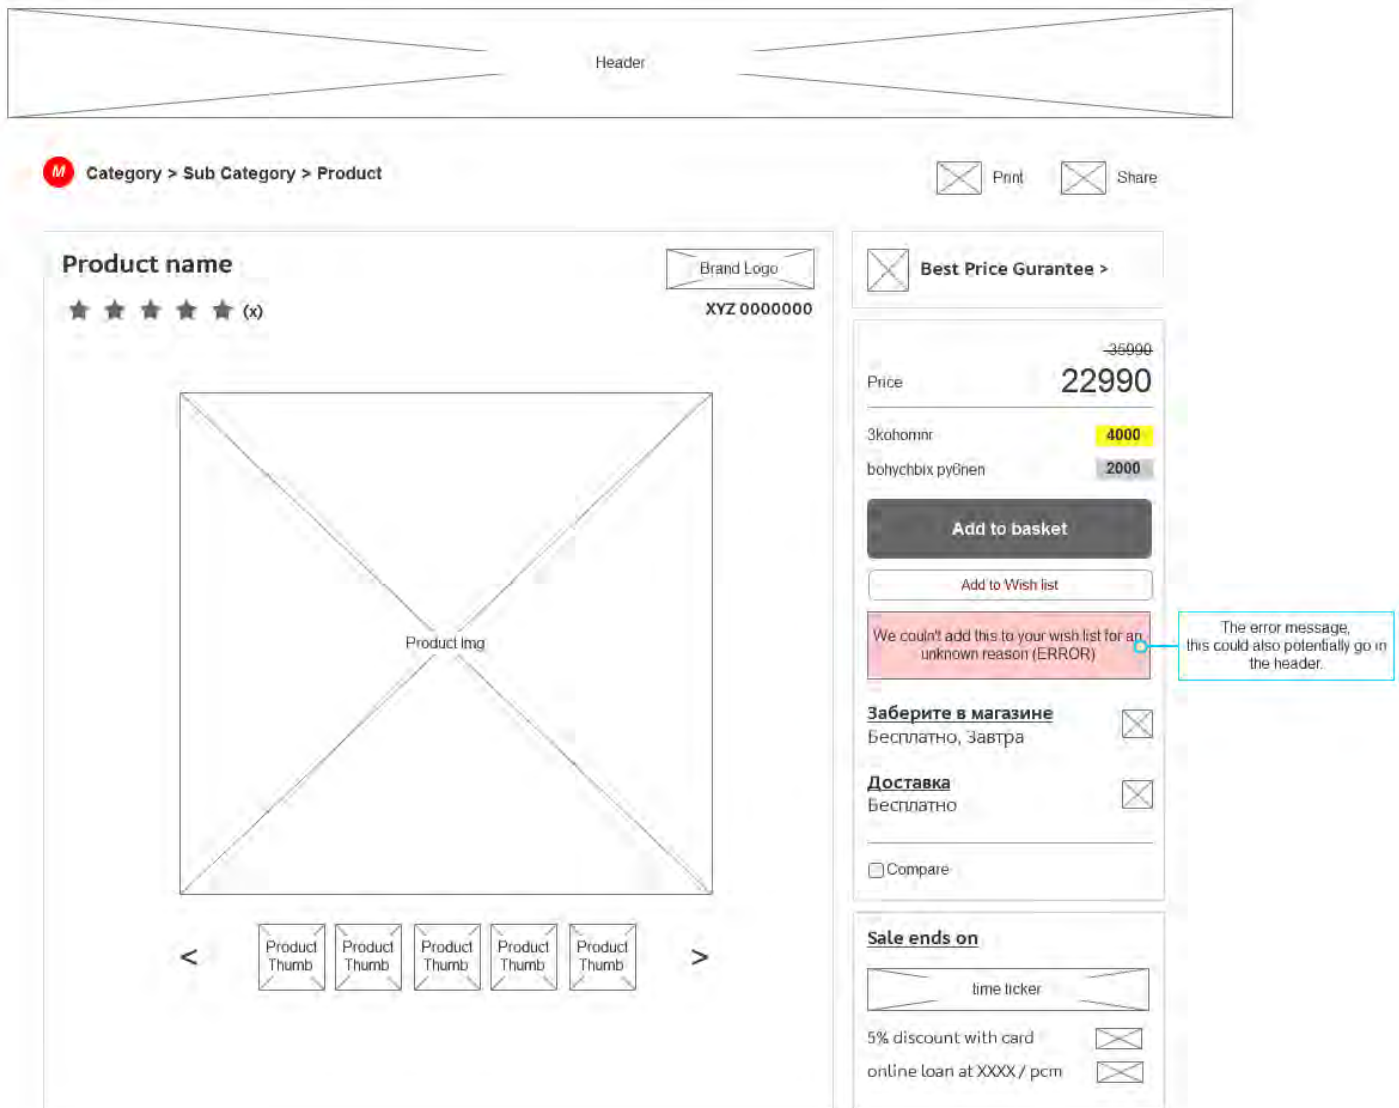

### 1.3. Clicked (Remove from Basket)

## 1.4. Error State (Rare case)

This is an edge case, for any unknown errors that may arise.

## 1.5. Desktop Wish List (Default)

The wireframe shows a desktop wish list interface. At the top, there is a breadcrumb trail: "My Account > My Wish List". To the right of the breadcrumb are "Print" and "Share" icons. A callout points to the "Share" icon with the text: "Share this page with friends on facebook".

Below the breadcrumb, the page title "My Wish List" is displayed. To its right, it says "12 items". A callout points to this text: "Numerical indication of products in the wish list". Below the title are two buttons: "Compare (0)" and "Empty Wish List".

The main content area is a list of 10 product items. Each item consists of a placeholder image (a square with an 'X'), a "Product name" label, a price (e.g., "22990" with a strikethrough "35000" above it), and a yellow "4000" label. Below each item are three checkboxes: "Add comment", "Remove", and "Compare". To the right of each item is a dark "Add to Basket" button. A callout points to the "Add comment" checkbox with the text: "Add a comment directly on the product".

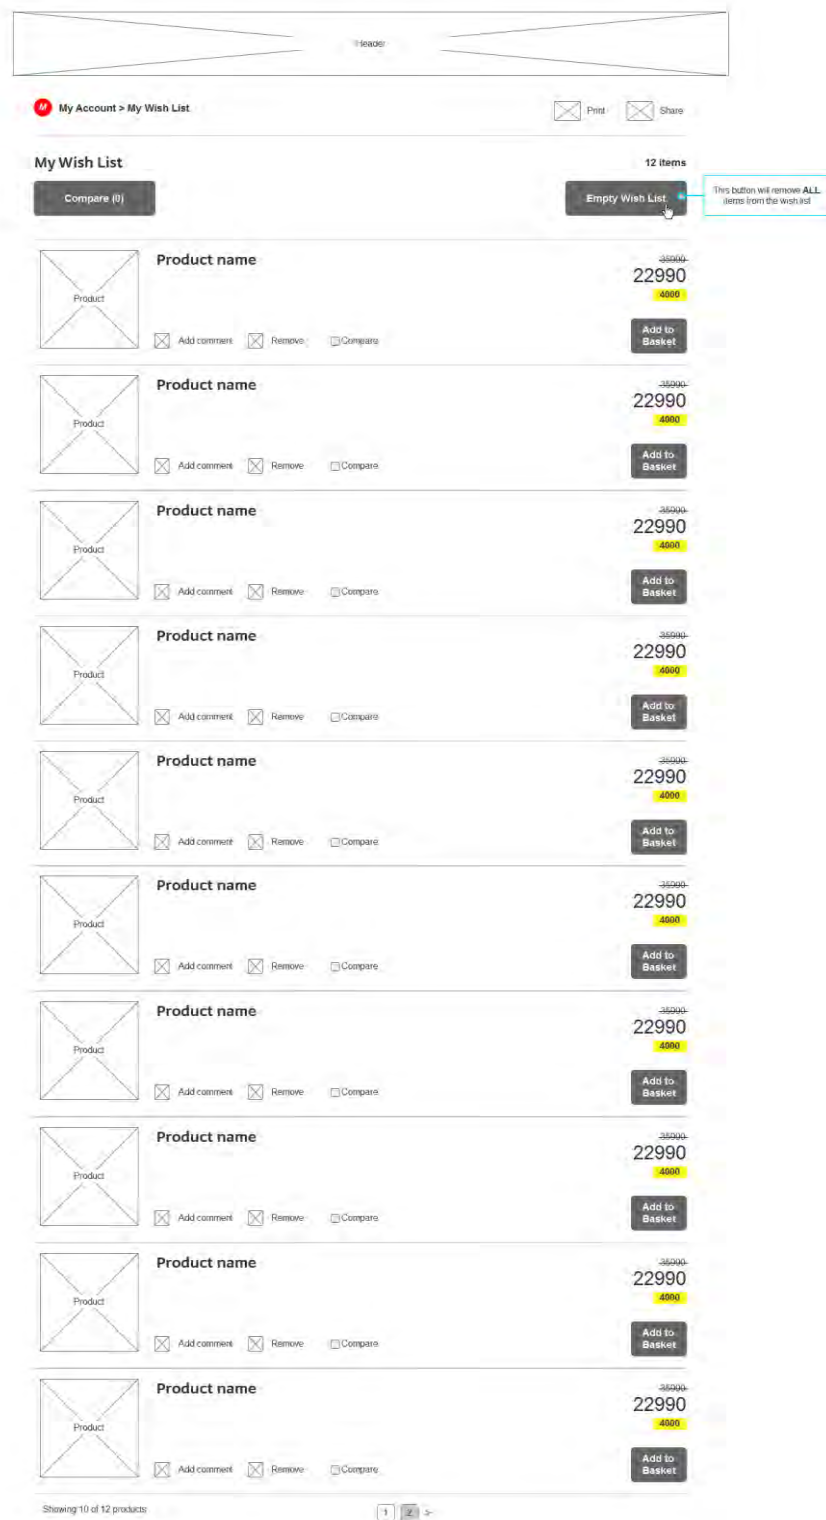

At the bottom of the list, there is a pagination section. It starts with "Showing 10 of 12 products". A callout points to this text: "Numerical indication of how many products are in view". To the right is a pagination control showing "1" and a right arrow. A callout points to this control: "Pagination to change pages".

Other annotations include:
 

- "We might have an issue with image sizes for performance, but we desire 140 x 140" pointing to the product image placeholder.
- "Showing only 10 items per page, with pagination" pointing to the "Add to Basket" button.
- "This page is intended to have the same functionality as the PLP page" pointing to the "Add to Basket" button.

## 1.6. Wish List Empty interaction

## 1.7. Wish List Emptied

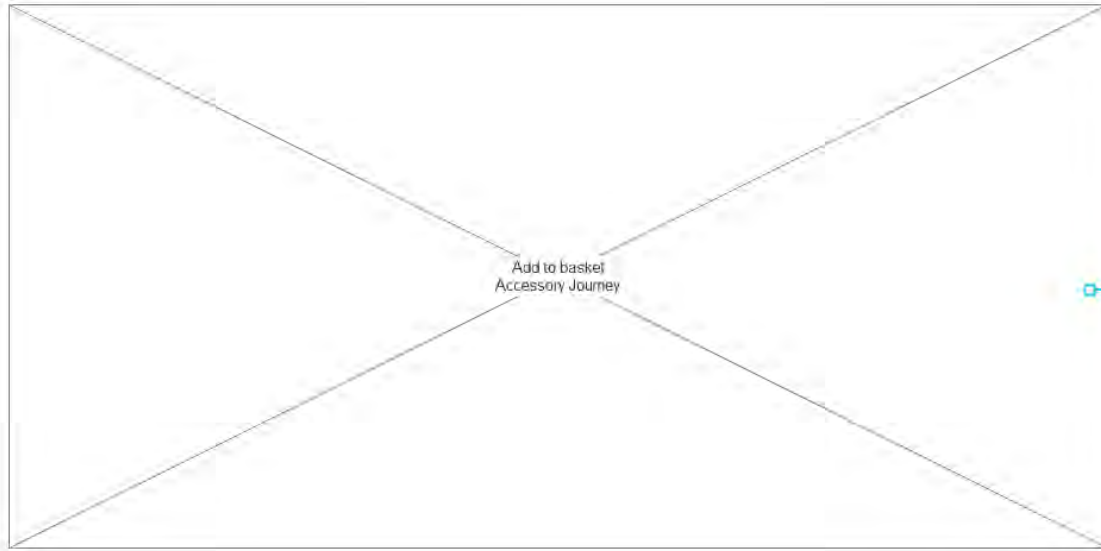

# 1.8. Wish List Add to basket

The wireframe shows a user's wish list page. At the top, there is a breadcrumb trail: "My Account > My Wish List". To the right are "Print" and "Share" icons. Below this is the main header "My Wish List" with a "Compare (0)" button and a "12 Items" indicator. A "Empty Wish List" button is also present. The list contains 10 items, each with a placeholder image, the text "Product name", a price of "22990" (with a strikethrough "35990" above it), a yellow "4900" discount tag, and an "Add to Basket" button. A callout box with a blue border and arrow points to the first "Add to Basket" button, containing the text "Add this product to your basket". At the bottom, it says "Showing 10 of 12 products" with a pagination control showing "1 2 >".

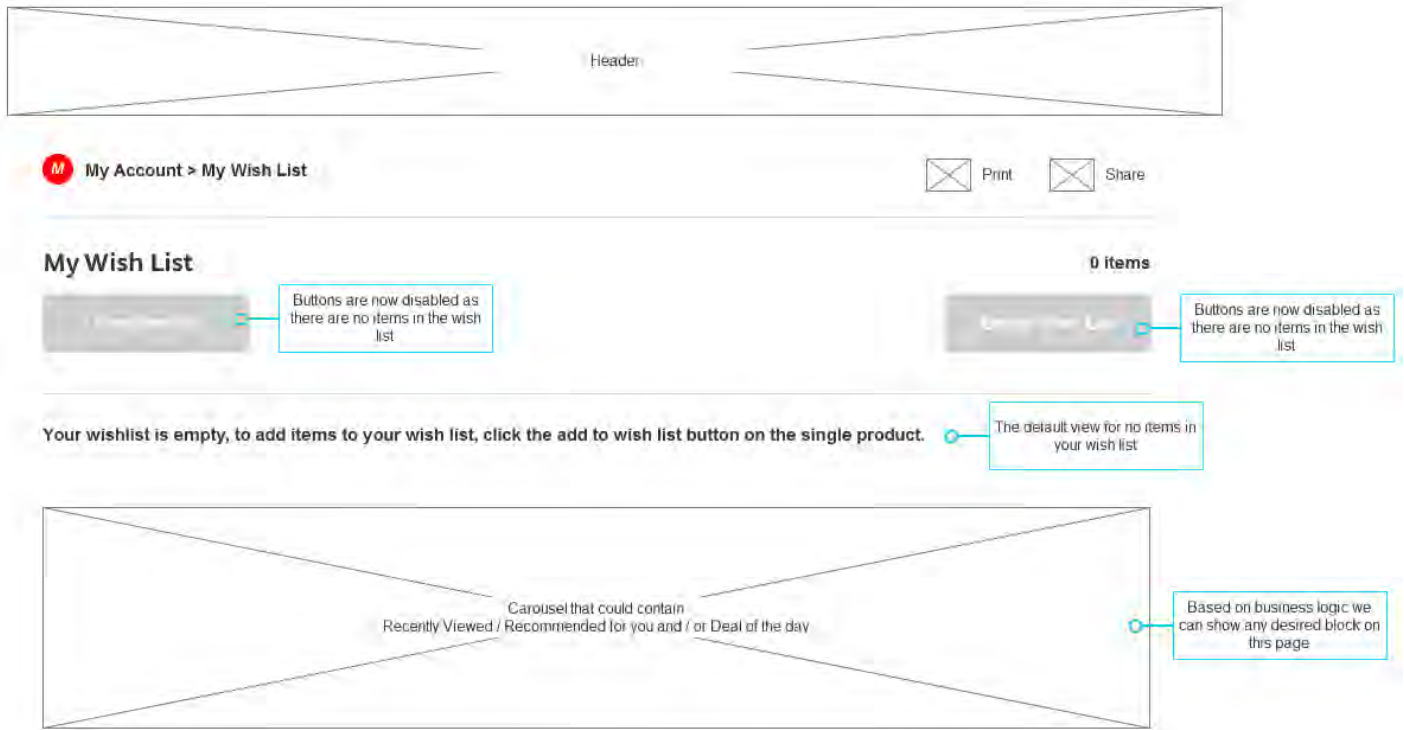

## 1.9. Accessories on a Product

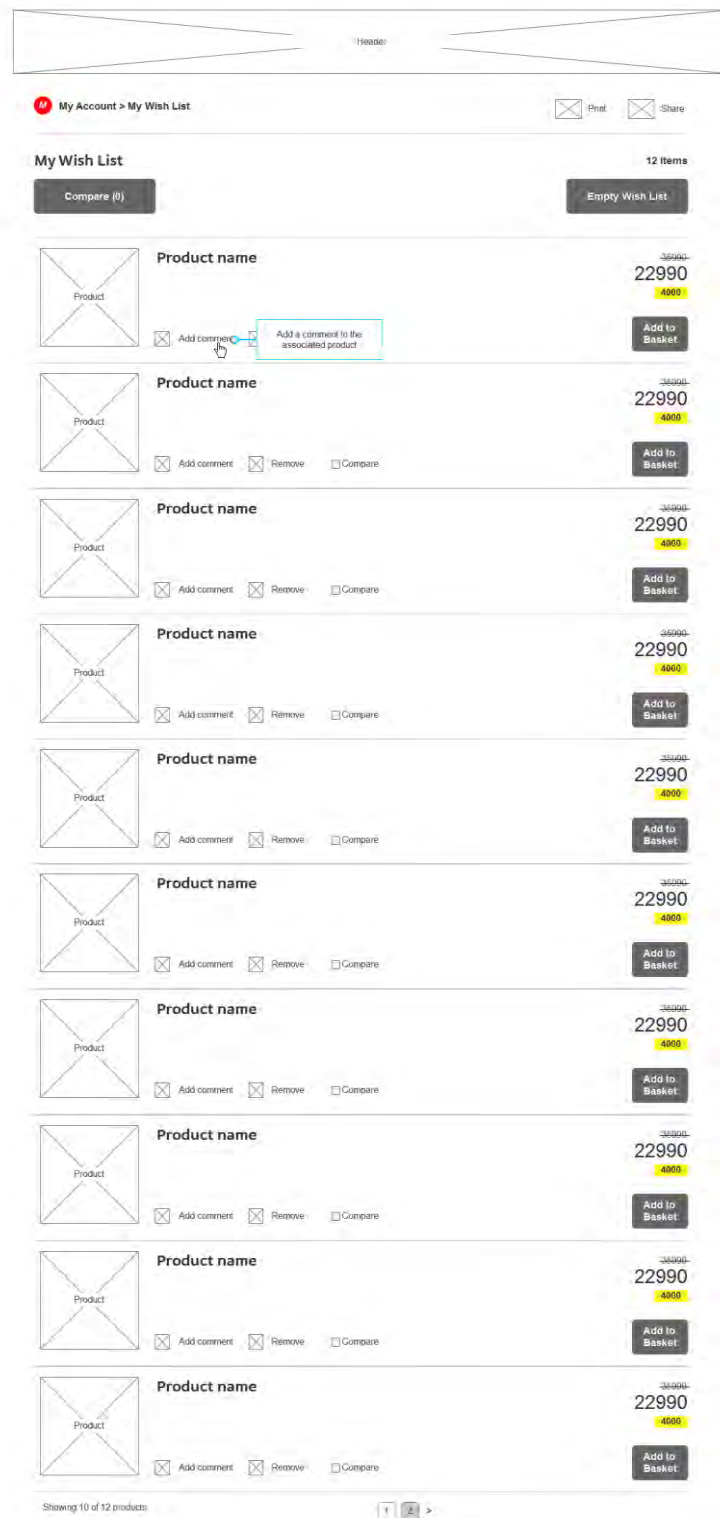

This is the same journey as the accessory upsell as per the checkout journey

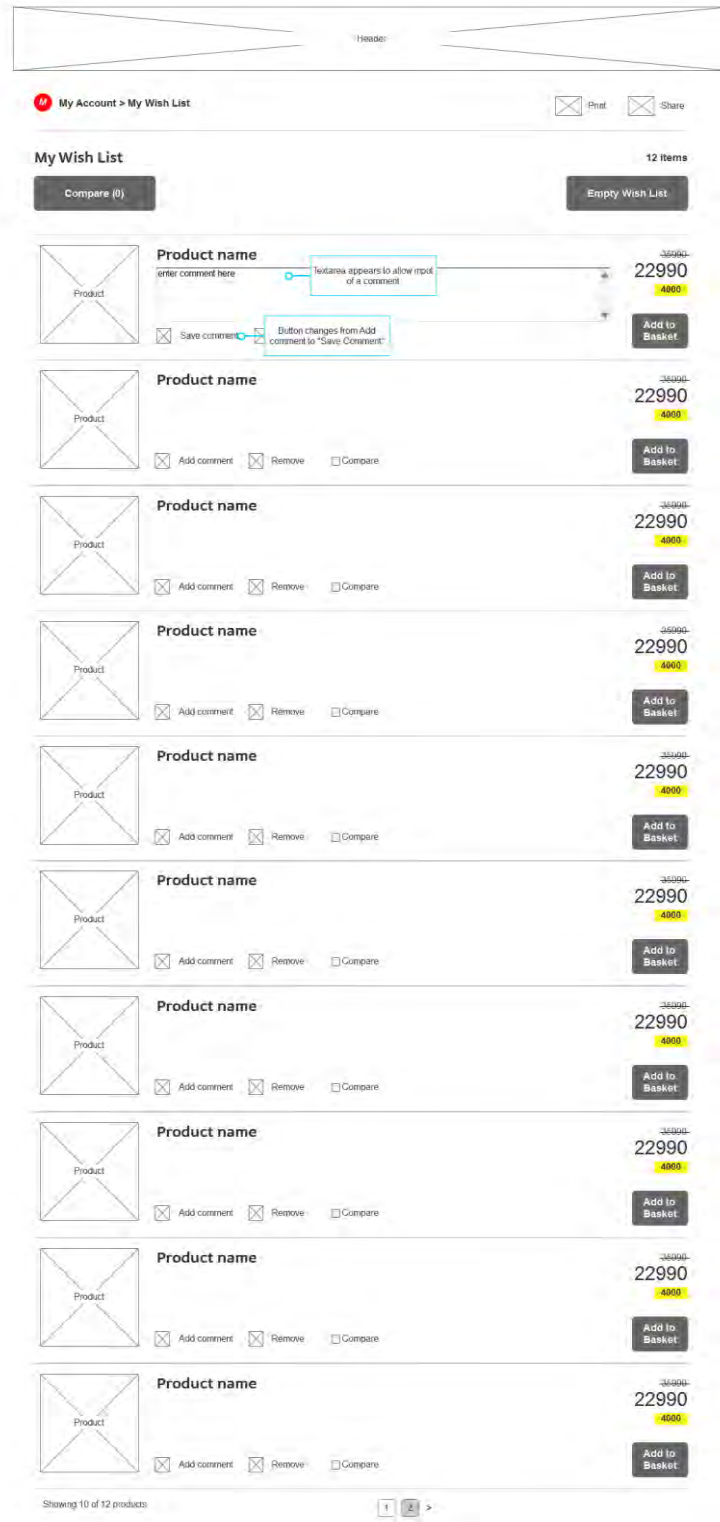

## 1.10. Wish List Empty

## 1.11. Add comment

## 1.12. Comment Textarea

# 1.13. Added comment
